

ADVANCED SURGICAL PRIVILEGES LIST / ORTHOPEDIC SURGERY

Emergency Surgery	Type of Facility		
	Hospital	Day care	Clinic under LA
1. Open reduction with plate/screw fixation (MIPO + LISS)	✓	✓	✗
2. Use of hybrid external fixator (Ilizarov)	✓	✗	✗
3. Split thickness skin graft (STSG)	✓	✓	✗

Pediatric Surgical Procedures	Type of Facility		
	Hospital	Day care	Clinic under LA
A. Pediatric Trauma			
1. Conservative treatment of pediatric upper limb fractures and injuries	✓	✓	✗
2. Surgical treatment of pediatric upper limb fracture and injuries	✓	✓	✗
3. Conservative treatment of pediatric lower limb fracture and injuries	✓	✓	✗
4. Surgical treatment of pediatric lower limb fracture and injuries	✓	✗	✗
5. Conservative and surgical treatment of pediatric pelvis and acetabular fracture.	✓	✗	✗
B. Pediatric Upper Extremity			
1. Correction of forearm deformities (e.g. radio ulna synostosis, Madelung's deformity)	✓	✗	✗
2. Correction of elbow deformities (e.g. congenital dislocation head of radius, Cubitus Varus)	✓	✗	✗
3. Correction of shoulder deformities	✓	✗	✗
4. Soft tissue/tendon release of the thumb or hand	✓	✓	✗
5. Tendon transfer to the elbow, hand or wrist	✓	✗	✗
6. Release of congenital trigger fingers in children	✓	✓	✗
C. Pediatric Hip Joint			
1. Ultrasound for diagnosis of DDH (Graf Method)	✓	✓	✓
2. Arthrography of the hip	✓	✓	✗
3. Percutaneous tenotomy	✓	✓	✗
4. Close reduction of the hip and spica application for DDH	✓	✓	✗
5. Extensive soft tissue release of the hip (Neuromuscular disorders)	✓	✗	✗
6. Open reduction of the hip for DDH	✓	✗	✗

ADVANCED SURGICAL PRIVILEGES LIST / ORTHOPEDIC SURGERY

7. Proximal femur osteotomy	✓	✗	✗
8. Acetabular osteotomy (Salter, Pemberton...)	✓	✗	✗
9. Chiari Pelvic osteotomy	✓	✗	✗
10. Triple osteotomy	✓	✗	✗
11. Periacetabular osteotomy	✓	✗	✗
12. Fixation of slipped capital femoral epiphysis (SCFE)	✓	✗	✗
13. Open surgical hip dislocation	✓	✗	✗
D. Pediatric Knee Joint			
1. Manipulation, POP for congenital dislocation of the knee	✓	✓	✓
2. Soft tissue release for pediatric dislocation of the knee	✓	✗	✗
3. Soft tissue release for fixed flexion deformity (neuromuscular)	✓	✗	✗
4. Tendon transfer for neuromuscular disorder	✓	✗	✗
5. Supracondylar osteotomy of femur	✓	✗	✗
6. Osteotomy of the proximal tibia	✓	✗	✗
7. Procedures for recurrent dislocation of patella	✓	✗	✗
8. Arthroscopy for pediatric knee	✓	✓	✗
9. Pediatric ACL reconstruction	✓	✗	✗
E. Pediatric Foot and ankle			
1. Manipulation and application of POP for clubfoot	✓	✓	✓
2. Percutaneous achilles lengthening	✓	✓	✗
3. Posterior release for equinus foot	✓	✓	✗
4. Posteromedial release for clubfoot	✓	✗	✗
5. Surgical correction of equinus ankle and foot deformity in cerebral palsy	✓	✗	✗
6. Soft tissue release, open reduction for vertical talus	✓	✗	✗
7. Tendon transfer in the foot	✓	✗	✗
8. Bony procedures and osteotomy to correct foot deformities	✓	✗	✗
9. Extra-articular subtalar fusion	✓	✗	✗
10. Subtalar arthroereisis	✓	✓	✗

ADVANCED SURGICAL PRIVILEGES LIST / ORTHOPEDIC SURGERY

11. Triple arthrodesis	✓	✗	✗
12. Supramalleolar osteotomy	✓	✗	✗
F. Pediatric Lower limb			
1. Epiphysiodesis	✓	✓	✗
2. Lengthening osteotomy of the femur with motorized nail	✓	✗	✗
3. Lengthening osteotomy with TSF or ilizarov frame	✓	✗	✗
G. Pediatric Spine			
1. Fusion of baso-cervical instability	✓	✗	✗
2. Treatment of C1/C2 instability	✓	✗	✗
3. Surgical treatment of pediatric cervical spine	✓	✗	✗
4. Treatment of Sprengel's deformity	✓	✗	✗
5. Corpectomy and fusion	✓	✗	✗
6. Posterior instrumentation for congenital scoliosis	✓	✗	✗
7. Posterior and anterior treatment of congenital scoliosis	✓	✗	✗
8. Instrumentation for juvenile scoliosis	✓	✗	✗
9. Posterior correction of idiopathic scoliosis	✓	✗	✗
10. Anterior correction of idiopathic scoliosis	✓	✗	✗
11. Instrumentation for neuromuscular scoliosis	✓	✗	✗
12. Fixation of spondylolisthesis	✓	✗	✗
13. Lumbar discectomy in selected cases with neurological compromise	✓	✗	✗
H. Pediatric Miscellaneous			
1. Correction of long bone deformities in osteogenesis imperfecta	✓	✗	✗
2. Incision and drainage of infected joint (e.g. hip, shoulder, ankle, knee)	✓	✗	✗
3. Soft tissue biopsy	✓	✓	✗
4. Bone biopsy	✓	✓	✗
5. Excision of osteochondroma	✓	✓	✗
6. Excision of osteoid osteoma	✓	✗	✗
7. Curettage of bone cyst and grafting	✓	✗	✗

ADVANCED SURGICAL PRIVILEGES LIST / ORTHOPEDIC SURGERY

8. Wide lesion resection and reconstruction (e.g. lesion prothesis)	✓	✗	✗
9. Hemipelvectomy	✓	✗	✗

Upper Limb	Type of Facility		
	Hospital	Day care	Clinic under LA
A. Shoulder surgeries			
1. Shoulder arthroscopy: diagnostic	✓	✓	✗
2. Shoulder arthroscopy: slap lesions	✓	✓	✗
3. Subacromial decompression: arthroscopic	✓	✓	✗
4. A/C joint resection: arthroscopic	✓	✓	✗
5. Anterior shoulder stabilization procedures: open	✓	✗	✗
6. Anterior shoulder stabilization procedures: arthroscopic	✓	✗	✗
7. Posterior shoulder stabilization: open	✓	✗	✗
8. Hemiarthroplasty shoulder	✓	✗	✗
9. Anatomic Shoulder arthroplasty	✓	✗	✗
10. Reversed Shoulder replacement	✓	✗	✗
11. Revision Shoulder arthroplasty	✓	✗	✗
12. Rotator cuff repair: open	✓	✓	✗
13. Rotator cuff repair: arthroscopic	✓	✗	✗
14. Biceps tendon tenodesis open	✓	✓	✗
15. Subscapular nerve entrapment release	✓	✗	✗
16. Shoulder arthrodesis	✓	✗	✗
17. Osteotomies around the shoulder	✓	✗	✗
18. ORIF of fractures of scapula	✓	✗	✗
19. ORIF fracture proximal humerus	✓	✗	✗
B. Elbow			
1. ORIF complex fracture of elbow and distal humerus	✓	✗	✗
2. Ligament repair and reconstruction of elbow	✓	✗	✗

ADVANCED SURGICAL PRIVILEGES LIST / ORTHOPEDIC SURGERY

3. Radial head replacement	✓	✓	✗
4. Elbow joint replacement	✓	✗	✗
5. Revision elbow replacement	✓	✗	✗
6. Osteotomies around the elbow	✓	✗	✗
7. Elbow fusion	✓	✗	✗
8. Open soft tissue release around the elbow	✓	✗	✗
9. Arthroscopic procedure for the elbow	✓	✓	✗

C. Wrist and Hand Surgery

1. ORIF complex fracture-dislocation of forearm and wrist	✓	✗	✗
2. ORIF fracture/dislocation of carpal bone, carpo-metacarpal and phalanx	✓	✓	✗
3. Surgical treatment for hand and wrist nonunion and malunion	✓	✓	✗
4. Repair/reconstruction of complex wrist and hand soft tissue and ligament injuries	✓	✗	✗
5. Finger replantation	✓	✗	✗
6. Wrist orthoscopy	✓	✓	✗
7. TFCC pathology repair open	✓	✓	✗
8. TFCC pathology repair arthroscopy	✓	✓	✗
9. Osteotomy of radius and ulna	✓	✗	✗
10. Procedure for DRUJ pathology	✓	✓	✗
11. Proximal row carpectomy	✓	✗	✗
12. Carpal bone fusion	✓	✗	✗
13. Wrist fusion procedure	✓	✗	✗
14. Dupuytren's and soft tissue release of hand	✓	✓	✗
15. Small joint replacement	✓	✗	✗

Pelvis and Hip Surgery	Type of Facility		
	Hospital	Day care	Clinic under LA
1. Fixation of acetabulum through Kocher Langenbeck approach	✓	✗	✗
2. Fixation of acetabulum through Ilioinguinal approach	✓	✗	✗

ADVANCED SURGICAL PRIVILEGES LIST / ORTHOPEDIC SURGERY

3. Fixation of acetabulum through Stoppa approach	✓	✗	✗
4. Fixation of acetabulum through Extended Iliofemoral approach	✓	✗	✗
5. Fixation of femoral head	✓	✗	✗
6. Fixation of iliac wing/AIIS/ASIS fracture	✓	✗	✗
7. Hip/SIJ/symphysis pubis aspiration/injection/biopsy	✓	✗	✗
8. Diagnostic hip arthroscopy	✓	✗	✗
9. Hip arthroscopic washout and debridement	✓	✗	✗
10. Open hip labral repair	✓	✗	✗
11. arthroscopic hip labral repair	✓	✗	✗
12. Open femoroacetabular impingement surgery	✓	✗	✗
13. Arthroscopic femoroacetabular impingement surgery	✓	✗	✗
14. Femoral head microfracture/arthroscopic	✓	✗	✗
15. Trochanteric bursectomy/open	✓	✓	✗
16. Hip tendons injection	✓	✓	✓
17. Hamstring tendons/injection/repair	✓	✓	✗
18. Symphysis pubis fusion	✓	✗	✗
19. Sacroiliac joint fusion	✓	✗	✗
20. Iliac bone grafting	✓	✗	✗
21. Girdle stone operation/proximal femoral resection (resection arthroplasty)	✓	✗	✗
22. Decompression of entrapment neuropathy around hip and pelvis	✓	✓	✗
23. Sportsman hernia repair	✓	✗	✗
24. Core decompression of proximal femur	✓	✗	✗
25. Hip arthrodesis	✓	✗	✗

Knee Surgery	Type of Facility		
	Hospital	Day care	Clinic under LA
1. ORIF complex knee fracture	✓	✗	✗
2. ORIF complex periprosthetic fracture	✓	✗	✗

ADVANCED SURGICAL PRIVILEGES LIST / ORTHOPEDIC SURGERY

3. Arthroscopic surgery of menisci	✓	✓	✗
4. Arthroscopically assisted repair/ reconstruction of anterior cruciate ligaments	✓	✓	✗
5. Posterior cruciate ligament repair/reconstruction	✓	✗	✗
6. Arthroscopic synovectomy	✓	✗	✗
7. Open repair of collateral ligaments injuries	✓	✓	✗
8. Repair of complex ligamentous disruptions	✓	✗	✗
9. Operative treatment of patellar instability	✓	✓	✗
10. Supracondylar femoral osteotomy	✓	✗	✗
11. High tibial osteotomy	✓	✗	✗
12. Arthrodesis of knee	✓	✗	✗
13. Total knee arthroplasty	✓	✗	✗
14. Unicondylar arthroplasty of knee	✓	✗	✗
15. Revision arthroplasty of knee	✓	✗	✗

Foot and Ankle	Type of Facility		
	Hospital	Day care	Clinic under LA
1. ORIF complex foot and ankle fracture / dislocation	✓	✗	✗
2. Repair / reconstruction of ligament injury of foot and ankle	✓	✓	✗
3. Diagnostic / therapeutic ankle arthroscopy	✓	✓	✗
4. Osteotomy / fusion procedure foot and ankle	✓	✗	✗
5. Complex tendon repair or transfer in foot and ankle	✓	✗	✗
6. Diabetic foot bone and soft tissue management	✓	✗	✗
7. Ilizarov fixation of foot and ankle	✓	✗	✗
8. Retrograde calcaneal nail	✓	✗	✗
9. Total ankle replacement	✓	✗	✗
10. Revision of ankle replacement	✓	✗	✗

ADVANCED SURGICAL PRIVILEGES LIST / ORTHOPEDIC SURGERY

Spinal Surgery	Type of Facility		
	Hospital	Day care	Clinic under LA
1. Local injections: facet, epidural (caudal), perivertebral	✓	✓	✗
2. Lumbar discectomy	✓	✗	✗
3. Decompressive laminectomy	✓	✗	✗
4. Posterolateral (intradiscal) fusion with or without instrumentation	✓	✗	✗
5. Transforaminal lumbar interbody fusion	✓	✗	✗
6. Oblique lumbar interbody fusion	✓	✗	✗
7. Posterior lumbar interbody fusion	✓	✗	✗
8. Anterior lumbar interbody fusion	✓	✗	✗
9. Corpectomy and anterior fusion	✓	✗	✗
10. Correction of spinal deformity with posterior instrumentation	✓	✗	✗
11. Correction of spinal deformity with anterior instrumentation	✓	✗	✗
12. Combined anterior and posterior correction of spinal deformity	✓	✗	✗
13. Kyphoplasty / vertebroplasty	✓	✓	✗
14. Thoracoscopic spinal surgeries	✓	✗	✗
15. Minimally- invasive spine surgeries	✓	✗	✗
16. Kyphectomy	✓	✗	✗
17. Correction of major kyphotic deformity	✓	✗	✗
18. Correction of idiopathic scoliosis	✓	✗	✗
19. Correction of degenerative scoliosis	✓	✗	✗
20. Anterior cervical discectomy and fusion	✓	✗	✗
21. Microscopic discectomy	✓	✗	✗
22. Endoscopic discectomy	✓	✗	✗
23. Cervical laminectomy with or without instrumentation	✓	✗	✗
24. Cervical foraminotomy	✓	✗	✗
25. Laminoplasty	✓	✗	✗
26. C1 -C2 fusion and instrumentation	✓	✗	✗

ADVANCED SURGICAL PRIVILEGES LIST / ORTHOPEDIC SURGERY

27. Cranio-cervical fusion and instrumentation	✓	✗	✗
28. Cervico-thoracic fusion and instrumentation	✓	✗	✗

Miscellaneous	Type of Facility		
	Hospital	Day care	Clinic under LA
1. Biopsy bone lesion upper or lower extremity including pelvis	✓	✓	✗
2. Biopsy bone lesion spine	✓	✓	✗
3. Biopsy soft tissue lesion upper or lower extremity including pelvis	✓	✓	✗
4. Biopsy soft tissue lesion trunk / retroperitoneal	✓	✗	✗
5. Excision benign bone tumor upper or lower extremity including pelvis	✓	✗	✗
6. Excision benign bone tumor spine	✓	✗	✗
7. Curettage and bone grafting/bone cementing benign bone tumors/cyst, upper and lower extremities including pelvis	✓	✗	✗
8. Excision benign soft tissue tumor upper or lower extremity including pelvis with no soft tissue reconstruction	✓	✗	✗
9. Van Nes Rotationplasty	✓	✗	✗

Amputations	Type of Facility		
	Hospital	Day care	Clinic under LA
A. Upper Extremity			
1. Amputation of hand, fingers, digits	✓	✓	✗
2. Wrist disarticulation	✓	✗	✗
3. Below elbow amputation	✓	✗	✗
4. Trans elbow disarticulation	✓	✗	✗
5. Above elbow amputation	✓	✗	✗
6. Disarticulation at shoulder	✓	✗	✗
7. Forequarter amputation	✓	✗	✗
B. Lower limb			
1. Ray amputation	✓	✓	✗
2. Amputation through metatarsals / tarsal / hind foot	✓	✗	✗

ADVANCED SURGICAL PRIVILEGES LIST / ORTHOPEDIC SURGERY

3. Ankle disarticulation	✓	x	x
4. Disarticulation of knee	✓	x	x
5. Above knee amputation	✓	x	x
6. Hip disarticulation	✓	x	x
7. Hemipelvectomy	✓	x	x
8. Hindquarter amputation	✓	x	x
