1. Introduction
As part of Qatar Council for Healthcare Practitioner’s (QCHP) responsibility towards healthcare sector in the state of Qatar, and in its pursuit to maintain safety and overall quality assurance in all healthcare services, QCHP Registration Department has formulated this policy on the medical test requirement for registration/licensing of healthcare practitioners.

This policy has been developed based on the comparative research methodology from the international healthcare authority and a supportive evidence that medical test for all practitioners were deemed clear from any medical issues.

2. Policy Statement
- Blood test and chest x-ray are required by Registration department only for first time licensing.
- Blood test are not required by Registration department for renewal of license.
- Healthcare facility shall be held responsible to ensure that its practitioners are medically fit to practice.
- Healthcare facility shall be held liable for safeguard and promote safety of patient and practitioners and to report QCHP for any medical fitness to practice issues.
- For audit purposes, the healthcare facility shall provide the QCHP, upon request, an evidence indicating the medical fitness to practice of its clinical staff.

3. Definitions:
- Medical fitness to practice: means that healthcare practitioners are free from communicable diseases (Hepatitis B, C and HIV)

4. Scope
This policy applies to all the Healthcare practitioners who need to obtain/renew their medical license, and in addition to the concerned healthcare facilities.

5. Guidelines/Procedures
- Medical report from an approved healthcare facility including blood test (HIV test, HCV test, HBV test) and chest x-ray must be provided by the applicant during the licensing stage as per the QCHP Registration guidelines.
- Licensed healthcare practitioners are not required to submit blood test during the renewal of their medical license, however, health practitioners and facility must declare that they are medically fit to practice.
- Declaration forms must be signed from the healthcare facility and from the healthcare practitioner indicating the medical fitness to practice and submitted to QCHP for license renewal purpose.
- In case, the practitioner has any medical fitness issues which affects his safety and patient safety, then he/she must report this incident to QCHP for subsequent actions.
- Healthcare facility will sign the declaration form once only and the signed declaration form must be attached with each practitioner’s renewal request.
