**Attachment 1: DHP's new approved specialty
qualifications list for physicians in the
State of Qatar**

Policy Statements

- Listed below are the current approved physician`s specialty qualifications in the state of Qatar.
- Physicians with Qualifications/Certificates not included in the list or from countries other than the below mentioned table will be considered under Category 3.
- For Qatari and family sponsored physicians, please refer to circular number (**20/2020, 21/2020 and 15/2022**).
- For currently licensed physicians by Department of Healthcare Professions (DHP), please refer to appendix 1.

❖ Definition:

In determining the eligibility of an applicant for registration with the DHP as specialty, the following definitions for each category to be considered (Table 1):

Category 1:

- Physicians holding specialization degree under this category will be eligible for registration and licensing in the State of Qatar as **Specialty** providing completion of **one-year** * clinical experience after post-graduate degree.
- DHP licensing qualifying exam is not required.

Category 2:

- Physicians holding specialization degree under this category will be eligible for registration and licensing in the State of Qatar as **Specialty** providing completion of **two-years** * clinical experience after post-graduate degree.
- DHP licensing qualifying exam is not required.

Category 3:

- Physicians holding specialization degree not listed in Category 1 or 2, will be eligible for registration and licensing in the State of Qatar as **Specialty** after providing the following:
 - 1- Certificate of completion of Structured Post graduate training (continuous training for minimum 3 years).
 - 2- Completion of **three years** * clinical experience after post-graduate degree
 - 3- Passing DHP licensing qualifying exam. (Please check the [Qualifying Examination page](#) on DHP website.)

Table 1:

Category	Minimum required Years of post-graduate training	Minimum Required years of Experience after post-graduate degree*	DHP licensing qualifying exam
Category 1	Not specified	1 year	Not required
Category 2	Not specified	2 years	Not required
Category 3	3 years	3 years	Required

***The required years of clinical work experience for all the categories must be from one of the following**

Institutions:

- a) Governmental and semi-governmental institutions/hospitals.
- b) Hospitals that provide Post graduate Training programs (Governmental or Private)

Fellowship certified applicants:

- Oversees physicians holding fellowship certificate will be eligible for registration and licensing in the State of Qatar as specialty after providing the following:
 - a) Certificate of completion of Structured Fellowship Training (continuous training for minimum 1 year).
 - b) Completion of specified period of clinical experience after fellowship degree which will be determined as per the main specialty Category.
 - c) Passing DHP licensing qualifying exam if fellowship certificate and main specialty from Category 3.

Example to determine the required years of experience and passing DHP qualifying exam for physicians holding fellowship certificate:

- Physician holding Internal medicine degree (main specialty) from Category 3 followed by Fellowship in cardiology from Category 1: the required years of clinical experience after fellowship certificate, will be 3 years, as per category 3, but DHP qualifying exam is not required.
- Physician holding Internal medicine degree (main specialty) from Category 3 followed by Fellowship in cardiology from Category 3: the required years of clinical experience after fellowship certificate, will be 3 years, as per category 3 and DHP qualifying exam is required.

Fellowship program in the State of Qatar:

- Oversees Physicians joining a fellowship program in the state of Qatar shall have a post-graduate degree in main specialty from category 1,2 or 3 to be eligible for registration and licensing as a fellow in training institutions in the state of Qatar (for Category 3, passing DHP licensing qualifying exam certificate shall be provided in evaluation request).

General notes:

- 1- For Qatari and family sponsored QID holders' physicians who don't have the required clinical experience as specified above in each category will be eligible for registration and licensing in the State of Qatar as "Assistant Specialty" to complete the required clinical experience. (Please refer to circular number [21/2020](#) and [15/2022](#).)
- 2- Oversees physicians from all the categories, will not be eligible for registration in the State of Qatar if they have less than the required years of clinical experience post qualification degree or the clinical experience is not from Governmental Institutions/Hospitals or training hospitals.
- 3- Physicians from the below categories are exempted from the required experience after post-graduate degree and DHP qualifying exam to obtain the Specialty title:
 - a) Who completed (residency training program and fellowship program) in training hospitals in the state of Qatar and passed the board exam of main specialty in the state of Qatar.
 - b) Qatari physicians and Offspring of Qatari women who were sponsored by the state of Qatar for their post graduate studies.

4- Physicians who completed a training program in the State of Qatar but did not pass the board exam can be licensed as “Assistant Specialty” providing the following:

- Certificate of completion of training from training hospital in the state of Qatar
- Passing DHP licensing qualifying exam certificate
- Recommendation letter from head of department where he/she completed the training program.

They can change to specialty after providing a post-graduate degree and completing the required years of experience as per the provided post-graduate degree category (Assistant Specialty experience will be counted from the required years of experience).

5- In case of any Governmental agreements with any country that are not included in the list, specialization degree/ certificates can be assessed based on the agreement.
