Circular No. (6/2016)

From	Qatar Council for Healthcare Practitioners – Accreditation Department (QCHP-AD)
To	All QCHP Accredited CPD Providers in the State of Qatar
Subject	Participation seats for Non-employee healthcare practitioners
Date	June 29, 2016

Qatar Council for Healthcare Practitioners, Accreditation Department (QCHP-AD) presents its greeting to you!

As per the Accreditation Committee recommendation (in its meeting held on 2nd of June, 2016), **QCHP-AD recommends that, at least, ten percent (10%) of the total annual participant seats for CPD activities provided by QCHP-AD-accredited providers shall be open for healthcare practitioners** not working for the CPD provider organization (non-employees).

It is to be noted that:

- Participation opportunities are not necessarily provided for free. Participants can be charged, yet QCHP-AD principles of Not-for-Profit, cost-recovery or Marginal-profit CPD activities must be followed.
- CPD providers shall decide on which activities shall be open for non-employee healthcare practitioners' participation.

All accredited CPD Providers are kindly advised to consider QCHP-AD recommendation for future activities conducted by the organization, starting from the date they are accredited as QCHP's Accredited CPD Providers in State of Qatar.

The accredited CPD Providers' annual report shall include percentage of participant seats made available for non-employee healthcare practitioners during the reporting period.

QCHP-AD thanks **all accredited CPD Providers** for their continuous commitment, excellence and quality in developing CME/CPD programs and hope for further collaboration to provide such high quality educational resources to a larger base of healthcare practitioners in the state of Qatar.

For further clarification, please contact your liaison at QCHP-AD via phone or email.

Thank you for your cooperation,

Accreditation Department - Qatar Council for Healthcare Practitioners (QCHP)
