Circular No. (13/2016)

From	Qatar Council for Healthcare Practitioners (QCHP)
To	<ul style="list-style-type: none">All Healthcare Practitioners in the State of Qatar (Governmental/Private Sectors)All Focal Points of Healthcare Facilities in the State of Qatar (Governmental/Private sector)
Subject	Licensing/Renewal for Radiation License Update
Date	25 May 2016

“Registration department in Qatar Council for Healthcare Practitioners presents to you its compliments”

as currently the radiation training courses have stopped which considered as one of the licensing requirements, and in pursuit of the Registration Department to facilitate the Licensing/Renewal procedures for the radiation field practitioners, and to guarantee their health and safety, and based on the decisions of the Permanent Licensing Committee (PLC) in its 10th meeting held on 6/4/2016 and it has been decided the following:

- To approve the renewal of radiation license for one year for licensed health care practitioners who have an expired radiation protection Diagnostic Radiology course certificate until holding new courses.
- To grant the Provisional Radiation License valid for six months for licensed health care practitioners who do not have a radiation protection Diagnostic Radiology course, until holding new courses.

The registration department will announce the schedule of the radiation protection Diagnostic Radiology courses and how to apply for, and all health care practitioners who have a license in the radiation filed and covered in this circular must apply to these courses once announced.
