

Circular No. (20/2015)

From	Qatar Council for Healthcare Practitioners (QCHP)
To	<ul style="list-style-type: none">All licensed physicians with surgical privilege in the State of Qatar in all private hospitalsAll focal points of Private health facilities
Subject	Approval for nurses to accompany licensed physicians during using of operating theaters outside their health facilities
Date	07/ 10/2015

"The Registration Department in Qatar Council for Healthcare Practitioners presents to you its compliments".

In alignment with QCHP's pursuit to facilitate the process of the surgical operations carried out by licensed physicians and based on the decision of the Permanent Licensing Committee (PLC) at its meeting No.11 that was held on 15/6/2015, **it has been decided to permit nurses to accompany surgeons who have privileges to use the operating theaters in other facilities other than their employer for assisting them during the operation.**

Thereby, the physician or the facility should submit a request to the Registration department in the Qatar Council for Healthcare Practitioners and also provide a copy of the request to the Facilities Department for approval. Furthermore, the request should be signed by the medical directors of both facilities and attach the following with the application:

- Valid License copy of the nurse who is required to attend the operation.
- Basic details of the health facility which is chosen for the operation (It must be a licensed facility)
- Valid License copy of the surgeon who is going to perform the operation.

It is imperative to submit the application at least two weeks prior to the surgery date.

For any enquiries, please contact:

Dr. Souma El-Torky
