To	:	Department of Healthcare Professions
From	:	<ul style="list-style-type: none">All licensed healthcare practitioners in the State of QatarAll Healthcare facilities/focal points in the state of Qatar (Governmental & Private sector)
Subject	:	Launching the electronic certificates of good standing for licensed healthcare practitioners
Date	:	21 March 2022

"Greetings from the Department of Healthcare Professions."

In the Department of Healthcare Professions' pursuit to improve its services and accelerate the procedures, the DHP is pleased to announce the launch of electronic certificates of good standing for all licensed healthcare practitioners according to the following guidelines:

- The healthcare practitioner will submit certificate of good standing (CoGS) applications through the electronic registration and licensing system. Once the application is approved, a link that includes an electronically signed and stamped CoGS will be sent directly from the system to the practitioner's email ID and the regional/international registration authority email ID as per the practitioner's request.
- If the practitioner wants to send a specific form required by the different regional/international registration authorities to verify the license/good standing status, they must attach copy of this form during the submission of the CoGS application. Once the application is approved, the filled/signed and stamped form will be available through the link that will be sent to the email ID of the practitioner and that of the requested authority.
- Starting from May 1st, 2022, the DHP will not send hard copies of CoGS by post nor scanned copies by email.
